SOUL ENCOUNTERS

is a collaborative, international project born out of friendships established between individuals who live on different continents. It expresses an initiative that preserves our memory of an interconnected, relational psyche and our global interrelated community. We are seeking to develop Soul Encounters as an international community in the spirit of friendship, where diverse students, researchers, scholars, and spiritual seekers can gather, share and exchange on a variety of topics and particular areas of interest related to the psycho-spiritual dimension. This event is being held in collaboration with the Jung and Body post-graduate course, Sedes Sapientiae Institute (São Paulo, Brazil) and the Centre for Initiatives in Spirituality and Reconciliation, InSpiRe (St Mary's University, London, UK).

St Mary's
University
Twickenham
London

DESCRIPTION OF THE CONFERENCE

This event explores psychological and spiritual approaches to the body, soul, and spirit through investigations that combine academic rigor and praxis. After each presentation, the public will be offered time to interact with each lecturer.
